

Haughton Garden Competition

Results - 2009

Best Garden Winner – 1 Meadow Drive

Judges' Comments

A fantastic display of bedding plants and other species. An excellent mix of colours that has obviously been given some thought. A lot of work has gone into the garden in initially planting up and maintaining it to the high standard that it is now. A well-deserved winner.

**Best Small Garden
Winner –
42 Moathouse Drive**

Judges' Comments

Immaculately laid out small garden. They have escaped the mistake that many people with small gardens make of trying to cram too much in; it looks just right. Excellent mixture of bedding plant colour and of plants with all year round interest.

Three gardens were awarded Highly Commended judgements

Judges' Comments

Choosing winners was very difficult. We were very impressed with many of the gardens in the village. Because of the timing of the judging day those villagers who had concentrated on bedding plants were at an advantage over those who have more herbaceous plants or flowering shrubs, as most of those have now gone past their best. We did try to take that into account when judging, but we can only judge what is in front of us on the day. All the commended gardens were excellent and perhaps could have won best garden on another day.

**Highly Commended—
Oak Croft,
Newport Road**

Highly Commended- 4 Steps Gardens

**Highly Commended—
18 St Giles Grove**
