Best Kept Village Competition

2018

June 2018 Newsletter

The Best Kept Village campaign is progressing well. The first round of judging is underway with visits taking place in May and June. Several Tidy Up sessions have taken place and the flower beds are being cleared. Planting with summer bedding has started, so we look forward to a colourful village over the next few months. Thanks go to the sponsors and our hard working volunteers.

We hope you have seen the children's BKV posters on the Village Hall car park fence and on the main road near the Church. This year there are just over 100 posters and several poems around the BKV theme.

We also have new signs on the entrance to the village celebrating our BKV winnings over the past few years, with space for any awards we are lucky enough to receive in the future.

The Parish Council Noticeboard has now been varnished along with one of the benches near the war memorial at Royd's Close. All the benches and tables on the Playing Field have also been painted and are looking much better.

Don't forget the Best Kept Garden competition. All gardens and hanging baskets within the 30 mph limit are judged (free entry) and prizes are awarded for the best kept small and large gardens and for the best hanging baskets.

The Tidy Up date for June are the 13th and 27th.
